Report of IQAC

2021-22

The institute has well defined quality policy for faculties for attending professional development programs like orientation programs, faculty development programs, refresher courses. During the current year staff were promoted to undergo training programs as well as inhouse training programs were organized by IQAC for them. They were also encouraged to undertake training on research methodology, learning management systems, e-content development and e-assessment etc. Special monetary and non-monetary (duty leaves, special permissions etc.) provisions were also made during the current year for teaching staff to promote the same. The policy decisions fixed by IQAC are communicated to staff members and successfully implemented by circular issued through the principal's office.

In the academic year 2021-22 a total of 75 teaching and 17 non-teaching staff members attended various events. All the departments equally promoted and participated in the events. Date and department wise summary is tabulated below for detailed information:
